

Mobility is here. Where are you?

Today's world is more mobile than ever – which means your mobility strategy is more important than ever. But do you know enough about the latest strategies and evolving threats to help your organisation stay ahead?

If you aren't in total control of the devices your people use, you can't **secure** them.

**18.4
MILLION**

mobile malware infections were blocked in 2016
That's a 105% rise from 2015

**MORE THAN
1 IN 20**

mobile devices experienced an attempted infection in 2016

Source: Symantec Internet Security Threat Report 22. Symantec, 2017

With **mobility strategies** changing so quickly, you can't afford for yours to miss the mark.

Top reasons for projects failing include:

39%

Inaccurate requirements gathering

27%

Undefined opportunities and risks

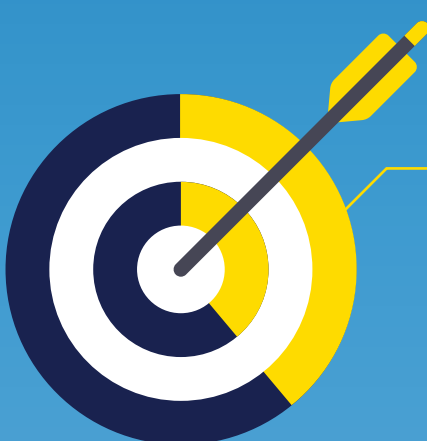

22%

Limited/taxed resources

Source: Project Management Institute (PMI) Pulse of the Profession, 2017

To protect your business and deliver ROI, you need to deliver the right **mobility** solutions, first time, every time.

Projects are 38% less likely to meet their goals if project management and strategy aren't aligned

Source: Project Management Institute (PMI) Pulse of the Profession, 2017

There is a better way. With the right help you can deliver **future-proofed** enterprise mobility projects across your business, quickly and cost-effectively.

Align your mobility and business strategies

At O₂, we've helped organisations as diverse as multinational businesses to NHS trusts and police forces to roll-out mobility solutions that meet core business goals.

Look for experts with experience

Our mobility experts have strong relationships with all the industry suppliers, with the highest levels of accreditation, so you can be sure of the solution we deliver.

Choose services with ongoing management

Managed services from O₂ help your organisation to stay up-to-date, without giving your IT teams extra workload.

Review your **readiness** now

The O₂ Mobility Maturity Assessment quickly analyses your mobility and business strategies to show your readiness to deal with what the future may bring.
